General Terms:

Acceptance by either a signature or a purchase order based on this proposal indicates that you are in full agreement with all terms and conditions of this proposal including the following:

Prices are valid for 30 days. After 30 days, prices are subject to change without notice. Sales tax will be charged unless a copy of a valid Sales tax exemption certificate is presented with order. Specify all color selections in writing. Any discrepancies that arise due to oral color selections will be the responsibility of the customer. - * Add 5% to the quotation/contract price. Playmore Recreational Products and Services will cover the costs of all the building permit fees and expeditor fees.
- * Playmore Recreational Products and Services can assist the customer in obtaining their own permit. Customer is responsible for all fees directly to the permitting agency and/or the expediting company.

Access/Utilities. Access must be provided to the installation area for heavy trucks and equipment. Access of equipment and personnel is the obligation of the customer to provide until the project is fully completed. We will take every precaution to avoid damage, however any damage caused by the normal installation of our product, such as sod, concrete sidewalks, private underground utilities, etc. will be the responsibility of the customer, as will any additional costs associated with limiting damage such as providing plywood over sod for access. If access is not reasonably close to the jobsite, any additional costs incurred due to having to transport materials and/or supplies will be the responsibility of the customer.

Rock/Foreign Object Clause. Most installations require digging of holes and footing equipment in concrete below finished grade. Removal of existing ground covers such as asphalt, concrete, tan bark, sand, pea gravel, wood fiber, rubber matting, poured-in-place rubber surfacing, or any other material that interferes or delays the digging of holes, is the responsibility of others, unless otherwise noted. If excessive underground obstructions such as rock, coral, asphalt, concrete, pipes, drainage systems, root systems, water, or any other unknown obstructions are discovered, charges will be added to the original proposal.

Playground Surfacing. All playground equipment is to be installed over safety surfacing per CPSC guidelines and ASTM standards. If the customer contracts for something contrary to the guidelines, they are accepting all responsibility for any liability and future litigation that may arise.
